Subject: TTF Trash Task Force

Howard – Happy New Year!

I'm pleased to report that TTF now has an official Trash Task Force ready to take on illegal dumping and stream trash in the TTF. My goal was to tackle the Tacony Creek Park trash, however, the Montgomery County Board members wanted to address the entire watershed.

Our 1st meeting will be on January 17th (9:30 AM) in PWD offices. It would be great if you could stop by and share your thoughts on the importance of trash to the Green City, Clean Water Program.

Thanks for helping to get this underway.

Kelly
